

Senior Expert Corps – a Project of Swisscontact

Promoting entrepreneurship through expertise – Imparting technical skills through volunteer work

The retired professionals of our Senior Expert Corps (SEC) are qualified experts on site. Through their consulting services, they provide hands-on, cost-effective support towards sustainable development of companies and institutions.

SEC Assignment in Nepal, 2019

Assignment No. 3566

Location Lalitpur, Nepal
Client Bakery
Expert Frans van Eijk, bakery expert
Period 12.11. - 05.12.2019

Client Profile

The client started his business five years ago with a small bakery. It took a lot of time to find good information and employees to bake nice products, because the owner had no bakery education.

Tasks

Checked the way of working and taught them new working methods, gave recipes for the existing products and recipes for new products like brown bread, hamburger rolls, baquette, cookies, cheesecake, puff-pastry, sponge dough, eclair and merinque cookies.

The owner joined me every day. For him it was very important to see what I did because his bakery knowledge is little, he was dependent on his employees.

Results

Result of the project was good. The client agreed with my way of working and with all the new products.

The client has one outlet for selling the products. In the near future, they plan to have a shop at the bakery. If they would have a bigger production, it might be more difficult to organise everything in a good way. That's why it will be good to conduct a follow-up assignment to give further advice.
